

BASTROP, TEXAS FIRES

At this time there are five Rotarians that have lost their homes, but more than 600 homes have been destroyed and the fires continue, so we do not know what the final count will be. One of Rotary Youth Exchange students was hosted in one of the homes lost, but thank God everyone is safe, however everything was lost.

The Bastrop Rotary Club is very strong and Rotarians are serving food, housing those who have lost homes or evacuated and providing other essentials.

In a disaster like this it's difficult to identify all the need in the short term, but we do know that the need will be great. District 5870 has a Keyway account to receive contributions earmarked specifically for this disaster. Checks should be made payable to District 5870 Keyway, with Bastrop Fires on the Memo Line, and mailed to:
